Background Information: District 4, as well as the local intergroup Harbor Area Central Office, Mid Southern California Area 09 and the General Service Office (New York) have all experienced a decline in contributions during the COVID 19 crisis, as meetings moved to virtual/on line platforms. District 04 wants to alert treasurers that all of the service entities have now made electronic contributions available. Links to each of the websites where treasurers (or individuals can find digital payment options are below.
